Energy Economics

Index to Volume 12
January, April, July, October 1990

Articles – titles

Electricity supply and demand, pricing

Coordinated strategy for separate power systems: the case of Malaysia, *H. Razavi*, 12.1, 59–64
Dual *v* uniform prices – an application, *P. R. Scholtès*, 12.1, 18–26
The economics of fuel choice at US electric utilities *A. E. Bopp* and *D. Costello*, 12.2, 82–88
Electricity consumption and economic growth in Jamaica, *H. Ramcharran*, 12.1, 65–70
Fuel demand in electricity generation: a case study of the Republic of Korea, *C.-S. Suh*, 12.2, 137–146
Household production and the short- and long-run demand for electricity, *G. Flaig*, 12.2, 116–121
Impact of pollution controls on the productivity of coal-fired power plants, *M. A. Bernstein, S. L. Feldman* and *A. P. Schinnar*, 12.1, 11–17
Impacts of the structures of electricity and gas tariffs on the rational use of energy, *M. Brand*, 12.2, 103–108

Energy demand and energy efficiency

The demand for energy in the large-scale manufacturing sector of Pakistan, *F. Mahmud* and *S. Chishti*, 12.4, 251–254
Economic efficiency *v* energy efficiency: do model conservation standards make good sense? *M. J. Horowitz* and *H. Haeri*, 12.2, 122–131
Estimating energy and oil demand functions: a study of thirteen developing countries. *I. B. Ibrahim* and *C. Hurst*, 12.2, 93–102
The horsepower crash to be expected in the USA, *E. Renshaw*, 12.2, 89–92
Impact of pollution controls on the productivity of coal-fired power plants, *M. A. Bernstein, S. L. Feldman* and *A. P. Schinnar*, 12.1, 11–17
The ISTUM-PC model: trial application to the British Columbia pulp and paper industry, *M. Jaccard* and *J. Roop*, 12.3, 185–196
Modelling state energy consumption: forecasts for Florida, 1987–2006, *S. V. Berg* and *P. Loungani*, 12.3, 216–226
Non-linear prices and energy demand, *A. Markandya* and *M. Pemberton*, 12.1, 27–34
Real incomes and the consumption of woodfuels in Ghana: an analysis of recent trends, *E. M. Abakah*, 12.3, 227–231
Rural household energy demand modelling: a case study of Nepal, *K. Rijal, N. K. Bansal* and *P. D. Grover*, 12.4, 279–288

Energy – economy interactions

The demand for energy in the large-scale manufacturing sector of Pakistan, *F. Mahmud* and *S. Chishti*, 12.4, 251–254
A dynamic macroeconomic model for Kuwait: analysis of the medium-term path, *M. Khorshid*, 12.4, 289–301
Electricity consumption and economic growth in Jamaica, *H. Ramcharran*, 12.1, 65–70
Energy–capital substitutability/complementarity: the dichotomy, *B. E. Apostolakis*, 12.1, 48–58
Energy in the Greek economy: a total energy approach at the macro level, *Y. E. Papatheodorou*, 12.4, 269–278
Energy-price impacts modelling in the agriculture sector, *D. D. Tewari*, 12.2, 147–158
The horsepower crash to be expected in the USA, *E. Renshaw*, 12.2, 89–92
Impacts of technological change on factor substitution between energy and other inputs within US agriculture, 1950–79, *D. L. Debertin, A. Pagoulatos* and *A. Aoun*, 12.1, 2–10
Production and high energy prices: a case of some Pan-Pacific countries, *R. K. Koshal, M. Koshal, K. L. Luthra* and *J. D. Lindley*, 12.3, 197–203
Structural change and energy use: the case of the manufacturing sector in Taiwan, *J.-W. Li, R. M. Shrestha* and *W. K. Foell*, 12.2, 109–115

Energy modelling

An Australian fuel substitution tax model: ORANI-LFT, *V. B. Hall, T. P. Truong* and *N. Van Anh*, 12.4, 258–268
Capacity planning for a natural gas pipeline in Sweden, *Feng Yi*, 12.3, 211–215
Demand for non-energy petroleum products: the case of Québec, *D. Bélanger, J-T. Bernard* and *R. Dubois*, 12.3, 177–184
Dual *v* uniform prices – an application, *P. R. Scholtès*, 12.1, 18–26
Dynamic demand and optimal OPEC pricing: an empirical investigation, *F. Wirl*, 12.3, 174–176
A dynamic macroeconomic model for Kuwait: analysis of the medium-term path, *M. Khorshid*, 12.4, 289–301
A dynamic model of natural gas deregulation, *M. K. Yücel*, 12.1, 35–47
The economics of fuel choice at US electric utilities, *A. E. Bopp* and *D. Costello*, 12.2, 82–88
Energy in the Greek economy: a total energy approach at the macro level, *Y. E. Papatheodorou*, 12.4, 269–278
Energy-price impacts modelling in the agriculture sector, *D-D. Tewari*, 12.2, 147–158
Fuel demand in electricity generation: a case study of the Republic of Korea, *C.-S. Suh*, 12.2, 137–146
Household production and the short- and long-run demand for electricity, *G. Flaig*, 12.2, 116–121
The ISTUM-PC model: trial application to the British Columbia pulp and paper industry, *M. Jaccard* and *J. Roop*, 12.3, 185–196
Modelling state energy consumption: forecasts for Florida, 1987–2006, *S. V. Berg* and *P. Loungani*, 12.3, 216–226
Oil markets under political and military stress, *S. Das, P. N. Leiby, R. Lee, G. R. Hadder* and *R. M. Davis*, 12.3, 204–210
On the application of input–output analysis to energy issues *R.-H. Wu* and *C.-Y. Chen*, 12.1, 71–76
On the variable elasticity of the demand for gasoline: the case of the USA, *Y. Hsing*, 12.2, 132–136
Optimal deviations from marginal pricing in the oil products market, *M. Strawczynski*, 12.3, 232–236
Production and high energy prices: a case of some Pan-Pacific countries, *R. K. Koshal, M. Koshal, K. L. Luthra* and *J. D. Lindley*, 12.3, 197–203
Rural household energy demand modelling: a case study of Nepal, *K. Rijal, N. K., Bansal* and *P. D. Grover*, 12.4, 279–288
Some general equilibrium effects of declining crude oil production in Australia, *L. Hogan* and *B. Naughten*, 12.4, 242–250

Energy pricing

Dual *v* uniform prices – an application, *P. R. Scholtès*, 12.1, 18–26
Dynamic demand and optimal OPEC pricing: an empirical investigation, *F. Wirl*, 12.3, 174–176
Energy-price impacts modelling in the agriculture sector, *D. D. Tewari*, 12.2, 147–158
Impacts of the structures of electricity and gas tariffs on the rational use of energy, *M. Brand*, 12.2, 103–108
Inter-relationships between spot and sticky-price markets for crude oil: a diagram-

matic analysis, *A. J. MacFadyen*, 12.3, 168–173
Non-linear prices and energy demand, *A. Markandya* and *M. Pemberton*, 12.1, 27–34
Production and high energy prices: a case of some Pan-Pacific countries, *R. K. Koshal, M. Koshal, K. L. Luthra* and *J. D. Lindley*, 12.3, 197–203

Oil and gas supply and demand

Capacity planning for a natural gas pipeline in Sweden, *Feng Yi*, 12.3, 211–215
Coordinated strategy for separate power systems: the case of Malaysia, *H. Razavi*, 12.1, 59–64
Countries and companies – making a new deal?, *J. S. Jennings*, 12.3, 163–167
Demand for non-energy petroleum products: the case of Québec, *D. Bélanger, J-T. Bernard* and *R. Dubois*, 12.3, 177–184
Dynamic demand and optimal OPEC pricing: an empirical investigation, *F. Wirl*, 12.3, 174–176
A dynamic model of natural gas deregulation, *M. K. Yücel*, 12.1, 35–47
Estimating energy and oil demand functions: a study of thirteen developing countries, *I. B. Ibrahim* and *C. Hurst*, 12.2, 93–102
Impacts of the structures of electricity and gas tariffs on the rational use of energy, *M. Brand*, 12.2, 103–108
Inter-relationships between spot and sticky-price markets for crude oil: a diagrammatic analysis, *A. J. MacFadyen*, 12.3, 168–173
Oil markets under political and military stress, *S. Das, P. N. Leiby, R. Lee, G. R. Hadder* and *R. M. Davis*, 12.3, 204–210
On the variable elasticity of the demand for gasoline: the case of the USA, *Y. Hsing*, 12.2, 132–136
Optimal deviations from marginal pricing in the oil products market, *M. Strawczynski*, 12.3, 232–236.
Some general equilibrium effects of declining crude oil production in Australia, *L. Hogan* and *B. Naughten*, 12.4, 242–250

Public utility regulatory economics

A dynamic model of natural gas deregulation, *M. K. Yücel*, 12.1, 35–47
